Belgrade March, 20th-23rd, 2014
Beograd 20-23. mart 2014. godine

GENERALNI SPONZOR
MAIN SPONSOR

BERLIN - CHEMIE
MENARINI

Udruženje za hipertenziju Srbije

Udruženje za hipertenziju Srbije (UHS) je najveća organizacija lekara koja se bavi problemom arterijske hipertenzije u Srbiji, posvećena da utiče na problem arterijske hipertenzije i njene posledice. UHS ima članove kako iz Srbije tako i iz zemalja regiona, lekare kardiologe, endokrinologe, nefrologe, specijaliste interne medicine, lekare opšte i preventivne medicine.

Osnovni zadatak Udruženja za hipertenziju Srbije je da poboljša brigu o pacijentima sa hipertenzijom i pridruženim problemima kroz:

- Istraživanja iz oblasti hipertenzije i pratećih poremećaja
- Edukacije lekara pridržavajući se važećih preventivnih mera i najnovijih terapijskih principa
- Edukacije i lečenje pacijenata sa hipertenzijom

Udruženje za hipertenziju Srbije je akreditovan organizator kontinuiranih medicinskih edukacija od strane Saveta lekarske komore Srbije.

Više informacija o Udruženju za hipertenziju Srbije, možete videti na sajtu www.uhsrb-liga.rs

About Serbian Society of Hypertension

The Serbian Society of Hypertension (SSH) is the largest organization of researchers and health care providers in Serbia committed to eliminating hypertension and its consequences. The members of SSH are domestic and international physicians, specialists in cardiology, endocrinology, nephrology, internal medicine, and general practice, as well as other individuals with scientific interest in hypertension.

The primary mission of the Serbian Society of Hypertension is to improve the care of patients with hypertension and associated disorders through following activities:

Education and treatment of patients with hypertension

Education of medical doctors about current prevention and treatment strategies in hypertension

Promotion of scientific research on hypertension and associated disorders, including pathology, prevention, diagnosis, treatment, and psychosocial aspects of hypertension.

The Serbian Society of Hypertension is an accredited provider of Continuing Medical Education (CME) by the Council of Medical Chamber of Serbia.

For more information about the Serbian Society of Hypertension please visit the official web site: www.uhsrb-liga.rs

European Society of Hypertension (ESH)

International Society of Hypertension(ISH)

Poštovane kolegice i kolege,

Sa posebnim zadovoljstvom Vam se zahvaljujemo na učešću u radu 7. Centralno evropskog Kongresa o hipertenziji i 4. Kongresa Udruženja za hipertenziju Srbije, koji se održava u Beogradu od 20-23. marta 2014. u hotelu Crowne Plaza.

Udruženje za hipertenziju Srbije se ovom prilikom zahvaljuje na ukazanom poverenju i mogućnosti da nastavi tradiciju u organizaciji Centralno evropskih Kongresa o hipertenziji. Samo saradnja među zemljama kao i razmena iskustava mogu pomoći lekarima da se uspešno nose sa problemom povišenog pritiska kao i komplikacijama.

Kongres je pod pokroviteljstvom Evropskog Udruženja za Hipertenziju (ESH) i Svetskog Udruženja za Hipertenziju (ISH).

Organizatori tematskih predavanja biće eminentni naučnici iz Srbije i Evrope, a program se sastoji iz plenarnih predavanja, usmenih saopštenja, originalnih radova i poster prezentacija.

Nadamo se da će Kongres biti i prilika za sve učesnike da se sretnu ponovo, upoznaju nove kolege i uspostave nove kontakte za buduću saradnju.

Dobrodošli na 7. Centralno evropski Kongres o hipertenziji i 4. Kongres Udruženja za hipertenziju Srbije.

Dragan Lović
Predsednik Udruženja za
hipertenziju Srbije

Renata Cifkova
član Naučnog odbora
ESH

Dear colleagues,

It is my exceptional pleasure to thank each and every one of you for your participation at the 7th Central European Meeting on Hypertension and 4th Serbian Society of Hypertension Meeting which is held in Belgrade, 20-23 March 2014 at the Crowne Plaza Hotel.

On this occasion, the Serbian Society of Hypertension expresses our appreciation of the trust and opportunity to continue the tradition of organizing Central European Meetings on Hypertension. Only cooperation among countries and sharing experiences can help doctors to successfully cope with the issue of elevated blood pressure and its complications.

This Congress is organized under the auspices of the European Society of Hypertension and International Society of Hypertension. Thematic lectures will be given by outstanding experts from Serbia and Europe, and the program combines plenary lectures, oral communications and poster presentations.

We hope that this Congress will provide opportunity for all participants to meet again, meet new colleagues and establish new contacts for future cooperation.

Welcome to the 7th Central European Meeting on Hypertension and 4th Serbian Society of Hypertension Meeting.
